

BULK
GOODS

UniBin™ Consolidation Container

The UniBin container is a reusable consolidation unit for distribution or display of bulk items. Accordion side access panel and open top allow for easy product accessibility. Protective lid and internal buckle straps helps to keep products in place during handling. The ready-to-use UniBin container is an ideal marketing bin in a retail environment or an efficient distribution container for bulk items in a production setting.

The UniBin container's easy access side flap is ideal for loading & unloading product as well as product display.

The top buckle straps provide for easy access yet keep the UniBin container's top firmly in place.

Three internal tie-down straps are standard.

Pallet corner tie-down straps are used to secure the UniBin container to its pallet.
