

Waste Away™ family of containers

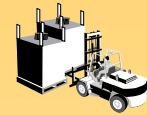

Ideal for comprehensive environmental cleanup or general on-site cleanup, Waste Away containers are economical and very easy to use. The compact, collapsible design eliminates wasted warehouse and processing/staging space. Our broad range of designs address most applications and can even be used as an overwrap for a failing drum or box.

✓ UN CERTIFIED FOR PACKAGING GROUPS I, II AND III

✓ LIFT CAPABLE

✓ CAN BE PALLETIZED

Capacity

- Depending on model:
- Volume: 5 to 42 cu. ft.
 - 255 to 3,000 lbs.

Features

- Heavy-duty construction featuring woven polypropylene fabric and multi-walled corrugated stiffeners
- Super strong lift loops
- Self-supporting
- Collapsible
- 6:1 safety factor
- UV treated in accordance to ISO 21898

Super Sack® LandFill
(No stiffeners; not self-supporting)
